Patricia Capitelli

Superintendent

March 29, 2021

Dear Parent/Guardian:

The safety of our students, faculty, and staff remain the Totowa School District's top priority and we greatly appreciate the cooperation of our students and their families in our efforts.

As spring break approaches, please be advised of the travel advisory and mandatory quarantine requirements that are in effect. The only exception is for travel outside the immediate region and includes the following states: Connecticut, Delaware, New York, and Pennsylvania.

If you are planning to travel outside of New Jersey, you must disclose this information to your child(ren)'s building principal. In accordance with CDC guidelines and District policy, students will not be permitted to return to school until they comply with the fourteen (14) day quarantine requirement. The CDC and the Totowa School District have taken a more conservative approach due to the concern of travelers spreading variant virus strains from one area to another. In the event the state travel advisory is modified, the Totowa School District will reexamine its policy and advise you of any revisions.

As always, we appreciate our community's support and cooperation. You can assist us by remaining vigilant but sensible in your approach to dealing with this health epidemic. Should you have any questions about this situation, please feel free to contact Ms. Luciano at (973)956-0010 ext. 2200 or Ms. Johnson at (973)956-0010 ext. 1200.

Sincerely,

*Patricia Capitelli*

Patricia Capitelli  
Superintendent
