Dear Parents/Guardians of 5th Grade Students:

As part of the district's Family Life Curriculum, the film, "*Always Changing*", will be viewed by all fifth-grade girls and boys in their science classes on January 19, followed by a question-and-answer period on January 20. The grade will be divided by boys and girls as to have comfortable atmosphere when viewing and discussing the information. Please note the video link is a co-ed video. The video your child will view is gender specific.

Parents are invited to preview the film on YouTube at:

Our physical education/health teacher, as well as our school nurse, will hold the discussion with the classes. Please be advised the health curriculum and this program, aligns with the New Jersey Student Learning Standards for Comprehensive Health and Physical Education. This letter is intended to provide information to support and facilitate discussion at home.

If there are any questions or concerns, please to do not hesitate to contact Mr. Scully, Ms. Luciano or myself.

Thank you.

Sincerely,

David Bower
Principal
