Dear Parents,

It was a pleasure to have your child in third grade this year! Your child has worked very hard this school year. Although it is now summer and time to relax and have fun, it is also important to continue practicing some general reading and math skills to maintain the skills we have worked so hard on throughout the year. Students will access their required assignments for both Math and Reading on Linkit using the codes listed below. The assignments will be available until August 31, 2022. The assignment will close out and will no longer be accessible following this date.

**How to access the assignments:**

**Step 1-** go to the website [www.test.linkit.com](http://www.test.linkit.com)

**Step 2-** enter class code

**Step 3-** begin test

\*You may save your work and go back to the test later.
